

McHenry County Mental Health Board is proud to announce

The Psychiatric Loan Recognition Program

The purpose of this unique opportunity is to assist in the recruitment and retention of professional psychiatric physicians who specialize in the prevention, diagnosis and treatment of mental illness.

Through the Psychiatric Loan Recognition Program, participating psychiatrists working with, or for a Mental Health Board supported service provider may be eligible to have the Board pay a portion of their medical school loans.

For program details, including participation eligibility, visit the Mental Health Board website at www.mc708.org or contact Scott Block, Executive Director at sblock@mc708.org or 815-788-4364.
